By Michel on May 16, 2020 Excellent software. Easy to use. Adobe make CS6 easy to use. Software Renamed to Creative Cloud. By Denny on May 8, 2020 Good software and it is easy to use although it is more like an editor but not a program. By Terence on Apr 24, 2020 I don't use it much By Lorita on Apr 3, 2020 I used to use PSP, but

then I got this program and I am very satisfied with it. By Tsvitana on Mar 27, 2020 I find it too easy. It's almost like the manual! By Giorgos on Mar 9, 2020 For a long time I was using a windows based version so now I wanted to use a Mac version to edit my pictures in Mac, and I was glad to find a suitable alternative that was almost the same as the windows version. By Chris on Feb 18, 2020 I use it mostly to retouch photos and make minor alterations. To be honest it has a very basic look but it works well. By Alexander on Jan 29, 2020 It is a very good product. My only complaint is that at some times, it is quite difficult to export the image, as I need to make 2 or 3 copies of the image. By Jack on Jan 15, 2020 I used this program in the past and it was better than Photoshop 6. That's a good review to go from and it's correct. By Miriam on Jan 5, 2020 It's great to have options to get the best version of your graphics. By Michael on Dec 30, 2019 I really like the new interface and the live previews. By Susan on Dec 19, 2019 I like the new live previews. By Ralph on Nov 29, 2019 Adobe stuff is always a good option to use. By Evdokia on Nov 26, 2019 Absolutely free software. By Lecia on Nov 24, 2019 I have been using the software now for quite a while. It works wonderfully. By Malika on Nov 20, 2019 I like the new Live previews. I use it for simple adjustments like cropping and adjusting brightness and contrast 0cc13bf012
