In the promotional trailer for The Phantom Pain , Venom Snake is seen looking into a camera wearing the shape of a wolf, and the "Big Boss in the hospital" story is explained, revealing that his right arm was damaged in an explosion in Outer Heaven, and Big Boss had taken over his body, giving him amnesia and the appearance of a black trench coat and glasses. [7] [8] However, due to Big Boss still having the original arm, his appearance changed from his Big Boss persona, resembling Solid Snake, with a muscular build. [9] This is heavily implied to be how he passed Big Boss' identity testing by Snake. During the ending credits of The Phantom Pain, a woman calls

Venom Snake to a restaurant where she lives. She asks him why his face is bandaged and if he is hurt. He states that he has been in a car accident, but that he is fine and that he will visit her the next day to ensure that he is recovering. She then tells him that she has seen him somewhere before and offers to take a picture with him in exchange for some tickets to a concert. [10] In response, Venom Snake asks if he is a fan of the songs of the Pumpkin Head and Marlow groups, in which she replies that she is a fan. He asks her if she is the greatest woman on earth and that she is far from that. Then Venom Snake asks her if she is the best friend he has had and after she replies that she is, he asks her to marry him. She then replies that they are friends, but he cuts her off and tells her that they are married. The scene then changes to a flashback of the nuptials of the two, in which he kisses her passionately and they have an argument on what to do with her. It is unknown who her "Big Boss" is or even if this is a memory of a memory.

Metal Gear Online features Venom Snake in the role of a decoy character. His story mode missions consist of several missions in which Snake must manipulate Snake soldiers into betraying their fellow soldiers and assassinate a leader of their group, called the Scarlet Brotherhood. After successfully assassinating the leader, Snake joins the Scarlet Brotherhood, but he does not report in. Later, Snake asks for official orders and learns that the orders were to kill him, but his plan worked, and Snake runs away with the Brotherhood. During the prologue of The Phantom Pain, the player is assigned the mission of rescuing Big Boss's daughter in the disguise of a doctor. The player will assume the role of a nurse in the prologue, while they will take on the role of a patient in hospital. When Big Boss meets the player, he is shocked to find that Venom Snake is acting like a doctor, "and the patient is Big Boss". Kojima describes it as being a "nice thematic parallel". At the start of the prologue, the player is told that the mission will be their final one as a nurse and patient. When they are told that Big Boss is alive, they are told

to leave, and that they were responsible for their mission being a success. [11] An easter egg in the game is a trailer for the 2017 film Rogue One: A Star Wars Story. The trailer, which was removed from YouTube less than a week after the film's release, featured scenes from the prologue of the game. One of these scenes shows Big Boss looking into the camera as a voice-over says "Big Boss is gone, but this is his last message." which is a reference to the prologue of Metal Gear Solid V: Ground Zeroes in which the player can find Big Boss's belongings, including a cassette with this message on it. 5ec8ef588b
